PROFESSIONAL SUMMARY

With over 6 years of experience as a frontend developer specializing in **WordPress**, I bring extensive expertise in crafting bespoke web solutions using both WP builders like **Elementor and WP Bakery**, as well as **custom theme development** through coding with HTML5, CSS (SASS/LESS), Bootstrap, and JavaScript/JQuery.

My proficiency extends to creating pixel-perfect, responsive layouts that enhance user experience across diverse projects including blogging, portfolio showcases, corporate sites, e-commerce platforms, and more.
